Writing

One of the few movies that manages to surprise me is "Life of Pi".

I think it is very well-made and has an original idea, and also, a unique way of expressing it. It is made in the genre of magic realism, the genre that is in which real existing things cross over with unreal, fantastic details and it's fully the decision of the watcher whether to believe or not.

There are two main characters, ~~and they are almost the only figures in the whole film~~; a boy named Pi and a tiger. They get placed in a situation when their ship has crashed, and they are stuck on a small boat in the ocean. And the main story tells us about how they managed to survive and make friends in a unique way.

This movie surprised me because I have never seen anything like it before. And also it is based on a real story, which makes it more shocking.

Most of all I liked that it includes half-fantastic details presented as truth, and gives you the right to believe ^{in those} or not. It makes the film very interesting to watch and I recommend it to everyone.

Оценочные баллы: максимальный – 10 баллов; фактический – 8 баллов.
